

Confused by all the media hype? How is immunity best developed?

# Michigan Vaccine Education Forum

## Okemos Conference Center

2187 University Park Drive - 10 minutes from MSU

Okemos, MI 48864

Sunday, May 3, 2015 ~ 9:30 a.m. to 2:00 p.m.

**GERMS: ENEMIES OR ALLIES?** - Dr. Tetyana Obukhanych, PhD immunologist, left her career as a researcher at Harvard Medical School to help bring the truth out about vaccines and their effects on immunity. She will discuss how to build a healthy immune system and how aluminum found in vaccines can result in autoimmune problems. She will reference the latest studies in medical literature. Dr. Obukhanych is the author of Vaccine Illusion and the founder of Natural Immunity Fundamentals.

*"After years of doing research in immunology, observing scientific activities of my superiors, and analyzing vaccine issues, I realized that vaccination is one of the most deceptive inventions that science could ever convince the world to accept."*

*Dr. Tetyana, Immunologist*

**VACCINE RISKS AND RIGHTS** - Mary Tocco, a leading vaccine investigator for 33 years, will bring out hundreds of documents validating the toxicity of vaccines and how they can lead to various injuries including SIDS, cancer, ADHD, asthma, hearing loss, neurological problems, and general decline of health in this generation of children. Ms. Tocco a founding member and National Director of Michigan Opposing Mandatory Vaccines.

*"The scientific evidence is over whelming, the truth must be told and the media blackout must stop." Mary Tocco*

**MOM Vaccines** is a non-profit organization founded in 1994 dedicated to providing educational information on the subject of vaccinations and to protecting and supporting individual/parental rights to make vaccine decisions in Michigan. We believe that everyone should have the right to make healthcare choices for themselves and for their families. Please visit [www.momvaccines.org](http://www.momvaccines.org) for more information.

**Vaccines are a choice. Make an educated choice.**
